

## AMERICAN INSTITUTE OF INDIAN STUDIES AFFILIATE SPONSOR FORM

---

---

*To the Applicant:* Please type. Fill in all information requested and return with your application.

Applicant's Name: \_\_\_\_\_

Project Title: \_\_\_\_\_

Affiliation with an Indian institution is required by the Government of India as a condition of issuing a project approval. ALL fellows MUST be affiliated with an Indian institution; affiliation with a degree-granting institution is required of Junior Fellows. **AIIS will arrange the affiliation and project approvals for all fellows.** Applicants are asked to indicate their preference of institutions with which they would like to be affiliated. Attached is a list of institutions with which AIIS has made special arrangements to affiliate our fellows **at no charge to the fellow.** You may choose affiliation with any other institution you wish. However, some institutions charge high affiliation fees, although others, such as museums, libraries, and research institutions, may charge no fee at all. If the institution with which you wish affiliation is not among those on the list, and if it levies an affiliation fee, you will be responsible for paying it. Applicants are encouraged to include at least one of the listed institutions among their choices. Applicants should also choose affiliating institutions located in or near their main site of research. Please note that affiliation with one institution does not restrict your access to facilities elsewhere or your collaboration with scholars at other institutions. It does, however, obligate you to make contact with the affiliating institution at the beginning of your time in India and to make periodic contact during the fellowship period.
